

St. Rita School is a day/residential program whose primary mission is to educate infants and students who need special methods of communication and technological support. These special methods include; sign language, lip reading, speech and language therapy, and assistive listening devices. Our students learn in his or her "natural language" allowing them the sense of freedom and control of their education. This translates to an increase in the student's self-confidence, independence, and a more successful education experience.

Nearly all of our students require tuition assistance. One-third of our family's incomes are below poverty level. No child is ever denied an education due to their family's inability to afford the cost of tuition. Therefore the success of all of our fundraising events is of paramount importance. We rely on the generosity of individuals, businesses, corporate and foundation support to ensure that we may continue our efforts in preparing our students to achieve what we hold most important in our society - an education, a family, a career - a full life. We thank you for your commitment to our students!

GOLF MARATHON

it's not how you play

it's who you play for...

Monday - May 8, 2006

ST. RITA SCHOOL FOR THE DEAF

Hello everyone and welcome to the 10th Annual St. Rita School for the Deaf Golf Marathon. My name is Kevin Hall, professional golfer and alum of St. Rita School, and it is my honor to serve as honorary chairman this year.

I graduated from St. Rita School for the Deaf in 2000. St. Rita has been wonderful to me. The school not only gave me unlimited access to education but it was filled with dedicated individuals that helped shape me for who I am today.

I cannot find words to thank the staff at St. Rita for what they have done for me but I can express my appreciation with my actions.

As you join me in the Golf Marathon, we are helping St. Rita continue to do for children what they did for me: provide all the tools needed for an individual to grow up and make a difference in the world.

No matter what your handicap, with hard work, you can achieve anything! I'll see you on May 8th!

Thank you.

Kevin Hall
