Monday, May 5 12:00-4:00 pm

You've asked us numerous times to start recycling here in the Recreation Center. I am pleased to announce that we are beginning efforts toward a "greener" Evendale. Ron Johnson just informed me, we are placing recycle receptacles in strategic locations throughout the building to accommodate aluminum cans, plastic bottles and various other items we can reuse. Please join us in this endeavor by tossing empty cans and plastic bottles in the designated receptacles.

Our summer concert schedule is presently at the printers and should be available in early May. Great family entertainment. See ya at Founders Pavilion.
