

VILLAGE OF EVENDALE

JANUARY, 2017

Dear Neighbors and Friends,

The Village has completed the purchase of the 25 acres from Landmark Baptist Church. We have a right of first refusal on the rest of their property. This purchase gives us a total of 45 acres just west of I-75 and the development we are calling AeroHub. Opus Development has been hired to design and build the first building. They are now actively looking for tenants.

For the past several years, our Recreation Center has participated in the WeTHRIVE program sponsored by the Hamilton County Public Health Department. This program is creating healthy communities in Hamilton County by making it easier for residents to eat healthy, be active, and limit tobacco use. To learn more about this program go to their website at WatchUsThrive.org.

On December 1st, the annual WeTHRIVE recognition dinner was held at our Recreation Center. Resident, Michele Gottschlich, was recognized as a WeTHRIVE Community Champion. Michele was instrumental in the development of the Recreation Center's WeTHRIVE master plan and continues to be a vital part of the program. Congratulations Michele.

The new property code was passed by Council at the December 13th meeting. It will take effect on January 1, 2017. The Building Commissioner will be issuing only letters of violation for the first six months. After that he will issue citations.

The operational budget for the Village was passed at the December 13th meeting. The budget for capital purchases, which consists primarily of vehicles and large equipment, will be passed at the council meeting on January 10th in 2017.

Sincerely,

Your Mayor

Getting to Know Your Neighbors

Michele Gottschlich is a nutrition specialist and researcher at Shriners Hospital for Children and professor at the University of Cincinnati. She has lived in the Park Hills subdivision (Giverny Blvd) for 27 years with her 3 children – Mark (medical student), Missy (physician assistant) and Mary Ann (future veterinarian). The entire Gottschlich family has an affinity for the recreation center, health and wellness, the great outdoors and sports - especially Ohio State football and University of Dayton and Cleveland Cavalier basketball.

Since serving as chairman of the Recreation Commission, Michele has continued to work closely with the Recreation Director. As a result of their health initiatives, Evendale is recognized as a WeTHRIVE! and also a bike friendly community. Michele especially enjoys catalyzing strategies that promote active living for people of all ages and abilities. She was coauthor of the Recreation Department's Bicycle & Pedestrian Master Plan (which won the Hamilton County Regional Planning Commission's Frank F. Ferris award). Michele is also a founding member of the Connecting Active Communities Coalition which is a partnership of 10 surrounding communities (including Evendale) who collaborate on the planning of interconnected leisure trail systems on a regional scale. Examples of multijurisdictional projects include trail design along the Mill Creek as well as safe routes to Princeton schools.

SERVICE DEPARTMENT

HOLIDAY TRASH PICK UP - On January 2 & 3, 2017, **trash pick-up will be on a one day delay**. Monday trash will be picked up on Tuesday, and Tuesday Trash will be picked up on Wednesday. If you have any further questions, you may call 513-771-4200.

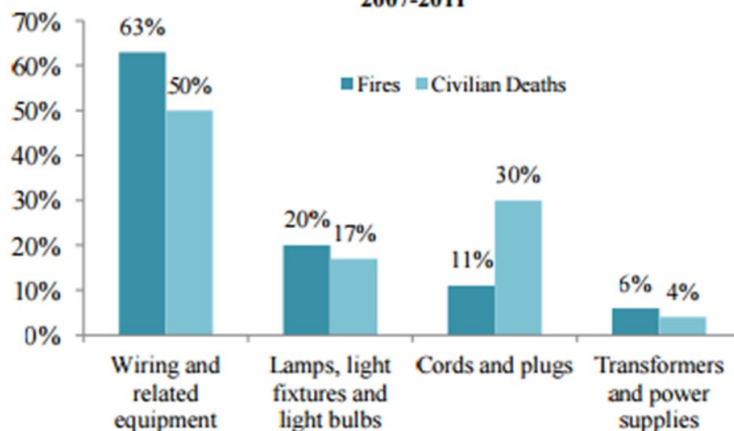

FIRE DEPARTMENT

In the final month of our "Put a Freeze on Winter Fires" campaign, we're focusing on electrical safety.

Electricity is so ingrained in our daily lives that most of us take it for granted, but it does carry fire risks. In fact, electrical home fires are a leading cause of home fires in the U.S. In 2013, electrical fires or malfunctions were factors in an estimated 44,900 home structure fires reported to U.S. fire departments. These fires caused 410 deaths, 1,180 injuries and \$1.3 billion in direct property damage. On average each year between 2007 and 2011, roughly half of all home electrical fires involved electrical distribution or lighting equipment, while nearly another half involved other known types of equipment.

NFPA offers a wealth of electrical home fire statistics that underscore the impact electrical fires have on the home fire problem.

Did You Know...

Kinetic Vision has been developing cutting edge products and technology since 1988 for a diverse regional, national and international customer base. In 2010, we proudly became an active member of the Evendale business community, contributing to the growth of high tech jobs in the area, starting with 40 employees and steadily increasing to an estimated 140 by the end of 2016.

With this increase in jobs, we are also working towards expanding our environmentally sustainable facilities in Evendale Commons. These new buildings will not only be partially solar powered, they will contribute to a beautiful, more walkable community, and provides us the opportunity to reach out to new talent in the area.

Kinetic Vision partners with high schools and universities to offer great internship and co-op opportunities for local students. We are big believers in training and keeping top talent here in the Greater Cincinnati area.
