

# VILLAGE OF EVENDALE

APRIL, 2018

Dear Neighbor and Friends:

I wanted to provide you with an update on the lawsuit involving our Municipal Income Tax so that you can stay informed. Last December, a suit was filed in Franklin County Ohio for those Municipalities challenging the constitutionality of HB49. If you recall, that bill allowed businesses to “opt-in” and choose to file and pay their Net Profit returns centrally with the State of Ohio rather than filing and paying with the municipality. The provision went further and made the State Tax Commissioner the Administrator of any municipal Net Profit Returns filed through the “opt-in” method. That gives the State Tax Commissioner the authority to administer and collect our Net Profit Tax.

In addition, the State’s plan would allow them to collect the tax and distribute it back to the Village about 30-60 days after they receive it (depending on the day of the month they receive the payment and certify it). They will charge the Village a 0.5% fee for doing so. We believed these provisions of HB49 to be unconstitutional, and in violation of our Home Rule. So we joined forces with about 200 other Ohio municipalities in challenging the State of Ohio. The first hearing in Franklin Co. was to request a stay on the HB49 provisions, which were to go into effect 1/1/18. That stay was denied in February of 2018. An appeal has been filed.

We believe strongly that this action by the State must continue to be challenged or the State will continue to take control of Municipal Earning Tax as a whole, not only the Net Profit Tax. While the current HB49 provisions effect only the Net Profit Tax and is optional, our fear is that State is beginning to lay the groundwork for control over Withholding and Individual Income Tax and that they will make it mandatory in the future.

Not only our Police and Fire services are dependent upon this revenue, all Village services will be affected if the State is ultimately victorious. If we can’t collect our tax, we can’t control the timing of receipts; if we can’t administer our tax, we can’t verify accuracy and compliance, and we can’t control their fees to collect. As I mentioned in the November Newsletter, my fear is that when the State needs money in the future for their funding or to balance their budget, and they have control of Municipalities’ Earning Tax, we may lose our earnings tax just as we did the Local Government Fund. Loss of control to the State of Ohio could mean financial disaster for the Village.

We will continue to fight this action in the courts and we will continue to keep you posted.

Sincerely,

Your Mayor

## GETTING TO KNOW YOUR NEIGHBOR

Daniel Schneider hand-picked the best when he assembled his 2017 Evendale Men's Basketball team. He anchored the team with his grandpa, Phil (#80 - not a coincidence), then added his dad, Scott. He also selected

his brother-in-law, Michael, and his cousins, Phil, David and Matt. Evendale is all about family and so is this team. The team is rounded out by friend and neighbor Ben. Daniel named the team Old Fashioned Manhattans after his grandma and grandpa's favorite drinks.

## FIRE DEPARTMENT

Spring and summer are almost here and you can count on some intense weather coming our way. Getting a weather radio from the Evendale Fire Department for \$20 will alert you and your family of dangerous weather in our area. You can pick up a weather radio from 9 to 4 any day of the week.

A highly original craftsman and artist, Tiffany took natural forms as the primary inspiration for his lush decorative creations. His aesthetic, reinforced and extended by his team of designers, decisively shaped American tastes from the 1880s through the 1920s. This exhibition presents more than 60 stunning examples of Tiffany's decorative genius, including vases, lamps, windows, furniture, and ornamental objects. ## Did You Know...

The Little Red School House was built in 1862. It was located on the northeast corner of Glendale-Milford and Reading Roads, where the Cultural Art Center is located today. It consisted of two classrooms, had an enrollment of 30 children and the only drinking fountain was outside. The first two teachers resigned so that they could join the Union Army during the Civil War.

The school quickly became the center of all types of activities for the residents. The Evendale Literary Society produced and performed plays, church services were held there, socials, picnics and suppers were common events in the building and on the school grounds. It has been reported that in 1941, a dance instructor came to school every Monday afternoon to teach the interested students to tap dance. She had ten students in two classes.
