

# VILLAGE OF EVENDALE

AUGUST, 2016

Dear Neighbors and Friends:

There is very exciting news this month. We have signed a contract to purchase twenty five acres of land for \$2.75 million from Landmark Baptist Church. The parcel is west of the church. It is easily identified as the football field.

This will be an extension of the AeroHub development west of I-75. We hope to attract companies that are contractors to the aerospace companies located along the I-75 corridor. We are interested in those firms that are technology leaders in either advanced manufacturing or 3D printing.

We are continuing to work with Cincinnati State in Evendale and the University of Cincinnati Research Institute to design programs to train the workers of tomorrow. A Technical Advisory Committee, consisting of educators and business executives from the Cincinnati, Dayton and Columbus areas, has been established to guide their efforts. Both institutions have made great strides in improving their curriculums to be more sensitive to changing workforce requirements.

The Fire Department is currently working on two community projects. The first one is creating a Little Free Library. The premise is simple; you donate books you have read in exchange for ones that you haven't read. So when you go to the pool and find that you forgot your book, instead of running home to get it, you can go to the Fire Department to borrow a book. This Little Free Library will be a wonderful way to encourage children to read more and to share your love of reading with others.

Have you ever had an old flag that you didn't know how to dispose of properly? According to the Flag Code, any American flag that is worn, damaged or tattered beyond repair should be retired in a respectful and dignified manner. The Fire Department will be placing a collection box under the entrance roof to their lobby for residents and businesses to place old flags. They will assure that the old flags are properly disposed of by experts. The Fire Department hopes to have both of these projects in place by the end of the year.

Sincerely,

Your Mayor

## Getting to Know Your Neighbors

Steve and Gail Moore have enjoyed Evendale for 26 years, where they have raised their children Michael and Catherine. Steve recently completed eight active years on the Princeton School Board. He is proud of the direction of the school district, which has seen high student achievement, while reducing budgets by millions of dollars and building a new 21<sup>st</sup>/22<sup>nd</sup> Century grade 6-12 campus. He is a strong believer in keeping the community engaged with young people and our schools.

Public service and community leadership has been rewarding after retiring from Procter & Gamble R&D. Steve also keeps himself professionally engaged through consulting, business advisory boards and volunteer work.

Steve is an avid tennis player and golfer, and loves his lattes at the Evendale Starbucks. He and Gail enjoy their four grandchildren in Idaho and occasional travel.

## POLICE DEPARTMENT

*Dear Evendale Residents;*

*The expressions of support to the police department over the last few weeks have been, in a word, overwhelming.*

*On behalf of a grateful department, a sincere thank you.*

*Chief Niel Korte*

The criminal use of credit card skimmers at gas stations has been in the news recently. A credit card skimmer is a device installed on the "pay at the pump" card readers. These skimmers will capture your credit card information so that it can be used illegally to run up charges against your account. The illegal placement of skimmers has not been limited to gas stations. Several were discovered recently at self pay stations in two retail stores. In May, the Wal-Mart in Evendale reported that they had discovered a skimmer at one of their registers. The sophistication of the skimmers means that it is likely that none of us would be able to quickly identify that the device has been placed.

We recently received notice from the United States Secret Service that they had taking into custody three suspects from Bucharest, Romania for placing these devices. This information serves to make us all aware that this crime is both well organized and wide-spread.

Officers from the Evendale Police Department participated in a "Skimmer Summit" on June 29 at the Sharonville Convention Center presented by County Auditor Dusty Rhodes. The Auditor's staff is working with law enforcement agencies to investigate and catch the people who attempt to compromise credit card payment systems. This "Skimmer Summit" was designed to explain the extent of the problem in Southwestern Ohio and how the installers attempt to evade detection.

The best way to avoid having your information compromised at a point of sale location such as a gas station is to pay the clerk. As always, it is a good practice to monitor your credit card statements closely.

Overstock Cincinnati is a small, family-operated retail business that carries new overstock products, such as furniture and home décor, at an affordable price. We have dedicated our time and efforts to help the public save money, as opposed to the big-box home retail stores and websites. We sell only new, quality items and prices are always negotiable. We also offer both delivery and financing opportunities to our customers.

At the end of our day, we are satisfied with who we are knowing that we helped our neighbors not only furnish their home, but also saved them money. We are the “Bargain Brothers” at Overstock Cincinnati. Our job is to make our clients the best and most affordable offer they can’t refuse.
