

VILLAGE OF EVENDALE

AUGUST, 2018

Dear Neighbors and Friends:

Kudos to the Recreation, Service, Police, and Fire Departments for throwing another spectacular 4th of July celebration. Countless hours of preparation and planning goes into this event. I would like to thank the volunteers, Village employees, and Phi Lambda Pi members who worked this event. I have heard that the staff at the pool did a great job providing games for both the kids and adults during the afternoon. Again, thank you to all. Wasn't the fireworks finale awesome?!

The Village appreciates it when residents advise us of Evendale property maintenance concerns. We initiate action on any problems as soon as possible. But please be mindful that when a property owner isn't cooperative, there is a lengthy process we must follow to get that owner to correct the problem.

When we receive a complaint, our Building and Zoning Department visits the site and takes pictures as needed. If the complaint is valid, we will send the owner a notification letter outlining the specific violations and a date by which the corrections must be completed. If nothing is done, they are given a citation to appear in Mayor's Court. It may then be several weeks before their hearing can be scheduled. At the hearing, the Magistrate may give them additional time to correct the violations. If that time lapses, the Village can finally act to correct the problem; and at that point, the Village will put a lien against the property for the cost of the repairs.

If the violation returns after initial correction, we must start the entire process again. I share the residents' frustration with homeowners who choose not take care of their properties. We will take action, but we are required to follow the process which does take time.

Sincerely,

Your Mayor

GETTING TO KNOW YOUR NEIGHBORS

ADMINISTRATION

In last month's newsletter we reported that the traffic signal at the entrance of St Rita's School for the Deaf will be moved to the west. That was incorrect. The signal at St. Rita Lane will remain to provide signalized access for St. Rita School traffic. The Village will be installing a traffic signal at the entrance of AeroHub, which will be located near the existing Landmark entrance.
