

VILLAGE OF EVENDALE

OCTOBER, 2016

Dear Neighbors and Friends:

At our September 13th Council meeting, we had the first reading on a new dead tree reimbursement pilot program. If you have one or more dead trees removed, you can be reimbursed up to \$500.00. You must obtain the application at the Administration. Building and use one of two Village approved contractors. Only 50 applications would be distributed. The resident must pay the bill, then submit the invoice marked paid to the Village offices for reimbursement. *This was the first reading; a second reading will take place at the October meeting.*

It is intended to be for owner occupied property and can only be used once per year. The contractor will be expected to remove all trunks, branches and debris. Our Service Department will not chip any branches left by the contractor. As I said, we are trying this program. If it fizzles, then it's back to the drawing board.

It has been brought to my attention that people are back to parking on both sides of the street. The proper protocol is to park on the opposite side of the street from the fire hydrant. That makes our firefighters happy! The alternative is posting no parking signs. That is one thing the Village is reluctant to do because it clutters the street scape.

I had the pleasure, along with our Police and Fire Departments, to be part of Wal-Mart's kick off of their annual Children's Miracle Network fundraiser. The money raised from this fundraiser is donated directly to Cincinnati Children's Hospital. They are planning another family geared event on October 8th to wrap up this campaign.

Thank you to everyone who sent in Tag Lines suggestions for the new Village seal. They were great and we will be announcing the winner soon.

Please don't skip reading the back page of the newsletter. We are introducing a new section called Did You Know...

Sincerely,

Your Mayor

Getting to Know Your Neighbors

Daniele Crandall is the owner and head chef at the restaurant LaPetite French. On February 17, 2016, she received the Knight of National Order of Merit from the French government. This Presidential award recognizes distinguished service to France, in the public and as well as in the private sectors. She was recognized for serving fine French cuisine and promoting the French culture in Cincinnati for over 30 years. During the presentation she was joined by her husband and Beatrice, who has worked with her since the first day she opened LaPetite France.

Daniele grew up in France where her entire family was involved in the food business – chefs, hotel & restaurant owners. She had been cooking since the age of 12 and has always dreamed of opening her own restaurant. Her dream came true 32 years ago when she opened LaPetite France.

When she is not cooking or hosting at LaPetite France, she loves to travel internationally with her husband and their Jack Russel Terrier, Stella Artois. During her travels, she is always looking for new recipes and dishes to serve.

In the bountiful array of children's literature, no author is better known and respected than the Greek storyteller, Aesop. Using animals as characters, he served up life lessons and morals in a tasty and digestible cupcake of a story. After more than 2,500 years, his insightful truths are still relevant and entertaining in the twenty-first century. In Madcap's production, Aesop recalls three of our best-loved stories re-told by a cast of puppets, and you! Stories include: *The Boy Who Cried Wolf*, *The Lion and the Mouse* and *The Hare and the Tortoise*.

Did You Know...

That the first Mayor of Evendale was Clark McGrew. He was elected in 1951 and served eight years.

Before becoming Mayor he had earned his veterinary degree from Cincinnati Veterinarian College. He became very skilled in the care of horses and developed a keen eye for judging horses.

During World War I, he sold many horses to the Army that was eventually shipped in England and France. He worked his 131 acre farm, located at the corner of Reading and Glendale-Milford Roads (now Village Crossings), raising turkeys and cattle. He used the rock and gravel that he hauled out of a hill on his property to keep the roads, especially Glendale-Milford Road, in good conditions.

During his time in office, he was instrumental in organizing the Evendale Mutual Aid Association, through which industry shared their firefighting and civil defense facilities. It is through his dedication and hard work that Evendale became incorporated, the division of business and residential areas were established, and the half-acre lots in the residential area became required.
