

September 2015

Dear Neighbor and Friends,

We have openings on various committees that serve our community. The Recreation Commission, the Board of Zoning Appeals (BZA) and the Community Improvement Corporation (CIC) each have one position available. The Recreation Commission has the authority to equip and maintain all the recreation facilities. Please contact Dave Nichols, 563-2247, if you are interested in serving on this commission. The BZA hears all requests for variances to the Building and Zoning Code. Contact Pam Morin, 956-2665, if you have questions about this committee. CIC meets the third Tuesday of each month at 7:30 AM. Their responsibilities include the industrial, economic, civic, and commercial development in the Village. David Elmer, Administrative Assistant to the Mayor at 956-2666, is available to answer any questions you may have regarding this appointment.

The Fire Department is still selling fire marks. Money raised by the sale of these remarkable keepsakes will be used by the Fire Department for their educational programs. Each fire mark is numbered and has a certificate of authenticity. For only \$50.00, you will not only have a replica of an interesting piece of history, but will also be supporting our Fire Department's educational programs. You can stop by or call the Fire Department at 563-2248 to purchase your fire mark.

Evendale continues to work closely with Dynegy (formerly Duke Energy Retail) on obtaining a favorable electric rate. When a rate is obtained, residents will be notified of their program options via the newsletter and by direct mailings from Dynegy. Please call David Elmer, at 956-2666, with any questions.

Leaf bags will be available at the Service Department starting Saturday, September 19th. The Service Department will be open to distribute the leaf bags every Saturday 9:00 am – 1:00 pm until October 24th. If you have questions, please call Paula at 563-4338.

For a better and better Evendale...

Your Mayor,  
Don Apking

## **PLOTTING A PERFECT COURSE FOR COLLEGE PLANNING**

Wednesday, September 30

7:00 – 8:30 pm

*Free! Everyone welcome.*

It’s no secret that college continues to be one of the most expensive endeavors many families will ever tackle. It’s also no secret that more than half of all students who begin going to college will not graduate in 4 years. Your mission is simple: Know what to do as well as when and how to do each task.

Join us for an informative presentation by Todd Kelly, co-founder of a nationally recognized College Planning training system and partner in Cincinnati’s most complete college planning organization. During this one hour presentation, Todd will discuss factors related to both ACADEMIC and FINANCIAL arenas that you must understand and address if you expect to achieve the ultimate college planning goal:

***Sending your son or daughter to the RIGHT school at the RIGHT price in the SHORTEST amount of time with the LOWEST out of pocket expense.***

As a bonus, every attending family will receive a scholarship valued at \$500 from more than 340 private colleges/universities in the country (with more than 20 of them in OHIO!) along with an opportunity to double that amount **AT NO COST.**

.....

## MEET AND GREET

### **Business of the Month**

2863 E. Sharon Road      [www.enableinjections.com](http://www.enableinjections.com)

Enable Injections, founded in 2010 by medical device veterans, is moving closer to bringing its signature product to market – a wearable device that allows patients to easily and comfortably self-inject at home, potentially replacing infusions at hospitals or other health facilities. Patients can go about their activities at home or work during the injection.

The business is partnering with pharmaceutical and biotech companies. This is key because as companies test the safety and efficacy of new treatments, they also have to determine how the drug will be delivered before gaining approval from regulators. Getting Enable's devices to handle drugs already on the market also requires wide-reaching partnerships with companies and regulatory approval.

Last month, Enable Injections completed a move of its 30+ employees from Franklin, OH to a 41,000 square foot building on Sharon Road. The facility is headquarters for the company with space for admin, research and product development. It also house Enable Injections' manufacturing and distribution operations. The facility is expected to accommodate Enable Injections' projected growth over the next three to five years.
