Dear Neighbors and Friends;

As many of you have probably heard, the Village has had two readings of an ordinance on Indoor Ice Arenas Air Quality. I have asked the fire chief to further explain the ordinance and background for it.

Sincerely,

Your Mayor

Mayor Finan, thank you for allowing me to have your space in the newsletter this month.

Ice rinks use chemicals to make and keep the ice frozen. Our department began carrying carbon monoxide (CO) detectors in our medical bags approximately six years ago. Over the past two years, we have had high CO readings on multiple occasions when making emergency runs to the local ice rinks.

We began an investigation using four comprehensive gas monitors and each time we had readings above the recommendation from STAR (Serving the Americas Rinks). STAR is the body that recommends the minimum level of CO that is acceptable for indoor air quality in ice rinks. We have received calls from patrons and even ice rink staff reporting that the CO alarms were going off. Little or no action was taken by the staff in all of these incidents. We have been told that hockey referees have stopped games and cleared the rinks because the CO alarm was sounding.

During our investigation, we found that three states have used STAR’s recommendations to pass legislation. Two others states have written their own requirements based on the STAR recommendations. Granted, none of the legislations adopt every STAR recommendation, but they all have similar restrictions based on STAR’s guidelines.

We contacted the State Fire Marshall, Ohio EPA, Hamilton County Board of Health and OSHA looking for anything in Ohio that might be a starting point from which to work. Our staff, along with the law director, drafted an ordinance using the STAR recommendation, Minnesota Department of Health – Indoor Ice Arena Rule 4620, Massachusetts 105 CMR 675.000 and the State of Rhode Island Rules and Regulations. During this entire process, we have kept both owners of the rinks informed of our findings and the possibility of an ordinance going before council.

It is the intent of this ordinance to assist the owners/operators to run safer businesses according to the guidelines set by their own industry. No federal or state agency has regulations or rules over air quality in public buildings. OSHA regulates the areas where the public is not allowed, but has nothing pertaining to the public space of buildings.

This ordinance requires the monitoring of nitrogen dioxide (NO2), which is another byproduct of combustion engines, and carbon monoxide. The fire department and business owners are currently working together to come up with an agreeable solution before moving forward with enacting the ordinance.

Respectfully,

Michael K. Hauck
Fire Chief
FIRE DEPARTMENT
We have had a lot of unusual weather this winter, but spring and summer are almost here and you can count on some intense weather coming our way. Getting a weather radio from the Evendale Fire Department for $20 will alert you and your family of dangerous weather in our area. You can pick up a weather radio from 9 to 4 any day of the week.

Getting to Know Your Neighbors
David Nichols, after serving 19½ years as Recreation Director for the Village, is retiring. David’s last day of work is April 13, 2017. David thanks all the Mayors, Council members, Recreation Commission members, and volunteers who have been so instrumental during his time with the Village and Recreation Department. Without your enduring support, and vision, the Department could not have accomplished so much during his time serving as Director. He is honored to have been part of such a great community.

David is privileged to have worked with a dedicated, talented, and terrific Recreation Department staff. The Department’s part-time, and seasonal staff is exceptional. The full-time staff comprised of Kim Pielage, Kristen Maiden, Lynne Thole, Nancy Hagner, and Mandy Ingram is just outstanding! These people have improved the quality of life of the community, and have met, and will continue to meet, the leisure needs for all the people of Evendale.

David has been married to Julie for almost 33 years. Julie has always been his greatest supporter, and confidant. They raised two awesome sons, Brian and Kevin. They are real excited about Brian’s marriage this May!

We, the staff, invite the entire Village to stop by on his last day to wish him well.

Thursday, April 13
1:30 – 2:30 p.m.

TAX DEPARTMENT
The 2016 Evendale Income Tax return is due April 18th, 2017. If you would like assistance preparing your Evendale Tax Return, or if you have any tax questions, please call the Tax Administrator, Cindy Vaske, at (513) 563-2671.

Please note the following dates and requirements when filing your 2016 Evendale Tax Return:

- The 2016 annual tax return is due Tuesday, April 18th (due to Federal Emancipation Day)
- The Federal Income Tax Return must be attached to your Evendale Income Tax Return, along with W-2’s
- A taxpayer may request an extension for time to file their tax return. New this year: If a Federal Extension has been requested, an Evendale extension is automatically granted. A copy of your federal extension must be attached to your return when it is filed. A separate extension for Evendale may be requested in writing, if a Federal Extension was not requested. The Evendale extension request (absent a Federal extension) must be received by the original due date of the return.

Additional tax information and tax forms are available on the Evendale Tax Department webpage, http://www.evendaleohio.org/tax-department.

SERVICE DEPARTMENT
The Service Department is now accepting applications for Seasonal workers. Applications can be found online on the Village web site or picked up at the Service or Administration Departments. All applicants must be at least 18 years of age. If you have questions, please call Paula at 513-563-4338.

ADMINISTRATION
April 29 has been set for our annual Shred Day. We are excited to announce that we are expanding the operations of our Shred Day to include stations for electronic recycling and household chemical waste drop offs. We are partnering with Republic Services for the electronics and Environmental Enterprises for the household wastes. Electronics may include old computers, monitors, televisions, etc. No appliances will be accepted. Household waste includes paint, lawn chemicals, household cleaners, etc. See our website for a complete list of items. Crews will be available to help you unload. This event is for residents only. Keep Evendale Green by recycling and disposing of items properly.

Did you know...

The first edition of the Evendale Elementary school paper, “The Spot Light”, was published in January 30, 1940. The newspaper was the inspiration of Principal and teacher Myron Luke. At that time, Evendale Elementary was the only school with a monthly school paper. The students wrote, edited, printed and sold the papers. As part of their arithmetic studies, Mr. Luck introduced them to kite building. The children drew the plans, built the frames, and decorated the kites. When the weather was favorable, the students flew their kites and awards were given out.

His role as historian of Evendale Elementary and Princeton began when his wife, Maxine, gave him a camera for Christmas in 1947. Every picture that the Evendale Historical Commission has of the students and events at Evendale Elementary was taken by Mr. Luke. He eventually wrote a comprehensive history of the Princeton School District through 1981 for its 25th anniversary.

Mr. Luke was the Principle for Evendale Elementary from 1937 until 1955, when the school was finally consolidated into Princeton School District. He worked for Princeton in several positions before retiring in 1981. His entire career was dedicated to enriching his student’s lives.
