Dear Neighbors and Friends:

Village of Evendale voters should be very proud of themselves. We had 61.4% of the registered voters in the Village go to the polls this recent election. This was the third highest voter turn-out in Hamilton County; Loveland had a 68.05% voter turnout (School Bond issue) and Symmes Township had 63.8%). I encourage everyone to vote so we can achieve 80% to 90%+ percent turnout in the future. It is so easy to vote these days.

Let me bring you up to date on the Duke pipeline saga: At their November hearing in Columbus, the Ohio Power Siting Board (OPSB) approved the route through Evendale. The entire hearing took about ten minutes. All of the objections filed by N.O.P.E. and the attorneys for the various communities were summarily dismissed. Obviously, this is not the outcome we hoped for.

So what is next? By law, all parties to the case can appeal the OPSB’s decision by asking for a rehearing, then to the Ohio Supreme Court. The City of Cincinnati has stated they will no longer pay for outside council to pursue an appeal; however, it's my understanding that N.O.P.E. is going to appeal. Evendale officials have agreed to be supportive of any contingency that files an appeal but that it is too expensive for the Village to go it alone. Therefore, Evendale continues to oppose the pipeline and will participate in the appeals process, with others, in a fiscally responsible and legally practical manner.

One last thing, I am interested in bringing back the Village Historical Society; but, I need some volunteers to work on this project. The City of Reading has a very active Society that has regular meetings and, on occasion, guest speakers. Any takers?

Sincerely,

Your Mayor

BUILDING, ZONING, AND CODE ENFORCEMENT
Growing up many of us worked on our vehicles, tinkering on the family roadster, a favorite hot rod, or a “project” car that would hopefully run...someday. Though for many the hobby is a treasured pastime, there are regulations that limit the degree to which auto repair may be conducted and vehicles stored on a residential property. No automobile defined as a “junk vehicle” may be stored outdoors on residential premises. So, what is considered a junk vehicle? A junk vehicle is any vehicle that is either functionally inoperable, unregistered with the Bureau of Motor Vehicles, or both. A functionally inoperable vehicle includes one or more flat tires, or is in a major state of disassembly, disrepair, or in the process of being stripped or dismantled. If an unregistered or inoperable vehicle is located on residential premises, it must be stored in a wholly enclosed building such as a garage. It may not be stored on a driveway – even in the side or rear yard – or in the public right-of-way. All vehicles stored outdoors must be able to move under their own power at all times. However, there is no limit to the number of operable and registered vehicles that may be stored on the premises provided they are parked on a hard, paved surface. If you see a vehicle stored outdoors that appears to be a junk vehicle or is parked in a lawn area, please contact the Building Department at 513-956-2665. Your report may remain anonymous. Thank you for helping to keep Evendale beautiful!

SERVICE DEPARTMENT
The Service Department would like to remind you that snow removal will take place, just like in past years. The main roads will get attention first. Then the secondary streets will be cleared. During snow events, please remember to move vehicles off the streets to allow plow crews to do the best possible job. Your help with this process will be appreciated. During a snow event, chipping of branches, special pickups and lending dump trucks to residents will not take place. Safe roads are the first priority.

Rumpke requests that leaf bags and trash cans be located in the same spot. Thank you for your help with this.
