

VILLAGE OF EVENDALE

APRIL 2022

Dear Neighbors and Friends,

Let's start with the good news. The Village's Fourth of July Fireworks will be back this year!

The new fireworks State law that I talked about in a previous newsletter, allowing individuals to set off their own displays will not be allowed in Evendale for 2022. The State-level Commission set up to make rules is still working on them. We are waiting until then to change our law. Meanwhile, come to our 4th of July celebration and be safe.

The Ohio General Assembly is considering two pieces of legislation in the House of Representatives that would hurt the Village. The first is H.B. 519 which will limit our ability to administer and enforce the compliance provisions of our municipal income tax – our largest revenue source. Interestingly enough, the General Assembly set these very laws into effect back in 2016, and is now seeking to modify the laws that they imposed on us, and all Ohio municipalities. The bill will restrict when a late notice or inquiry may be issued for not filing, and redefines the amount of late fees that a municipality may impose. H.B. 519 is a clear assault on Home Rule as set in Ohio's Constitution. Evendale is a home-rule, chartered Village.

The next General Assembly proposal is H.B. 563. This legislation would prohibit the Village from administering and enforcing our short-term rental policy that prohibits Airbnb's and similar commercial accommodation uses of residential property. Proponents of HB 563 think that local restrictions are preventing people from making money from their home investments. Clearly, this HB 563 is yet another State encroachment into our constitutional rights as a Home Rule municipality. On the rare occasions when Village property owners have attempted to use their home as an Airbnb, Village officials have received multiple complaints from neighboring properties regarding loud noise from parties, streets blocked with cars, and police calls. That's when Evendale implemented our restrictions- Evendale has provided written opposition testimony on both House Bills to the General Assembly. The Ohio Municipal League is also working with communities to stop these Bills that take away our Home Rule rights.

Please pay close attention to your mail. We have had several complaints about stolen mail from residential mailboxes. I have been told that they even robbed the mailman of his keys to the big blue mailboxes. At the very least, be sure to pick up your mail every day from your box and be sure to contact our Police Department and the Postal Service should your mail be taken.

Cord-cutting cable TV services have continued to grow. That means that the Intercommunity Cable Regulatory Commission gets less subsidy from the cable companies. Their income was down about 3% for 2021. They expect that to continue into 2022. We may lose our TV broadcasts of Council meetings.

Sincerely,

Your Mayor

FIRE DEPARTMENT

EFD's new Child Car Seat Program, and a few springtime tips

The Evendale Fire Department is excited to announce its new child car seat program! Your family's safety is our number one priority at the fire department and so we have taken the steps necessary to introduce child car seat installation and inspection services. Selecting and properly installing a child's car seat is vital to best ensure their safety in the event of a car accident. There are many makes and models of car seats that range from small pumpkin seats to boosters, and everything in-between. Each style car seat is designed to provide safe transportation for children specific to their age and weight. Equally important to selecting the correct seat for your child, is ensuring it is properly installed within the vehicle. We can help you through this process and give you peace of mind by installing or inspecting your seat, as well as providing child car seat education and tips. The fire department's child car seat program is a free service to Village of Evendale Residents. This program is available through appointment only at this time. To schedule an appointment for this service, please call the station at (513) 563-2248.

As spring approaches, the Evendale Fire Department would also like to take the opportunity to remind residents to maintain accessible space around your fire hydrants. As the weather warms, you may see members of the fire department out and about in your neighborhood tinkering with the fire hydrants. We do this throughout the year to ensure that these hydrants are in proper working order should they ever be needed. In the event of a fire, these hydrants supply our trucks with necessary water to safely resolve the emergency. The fire department would like to remind you to please maintain a two-foot space around the fire hydrants that is clear of any tall landscaping or other obstructions. We ask this so that when we respond to an emergency, we can clearly see and operate the fire hydrant without any delays. Our response and its impact to life safety in the event of a house fire is extremely time sensitive, so every second saved identifying and operating our fire hydrants helps provide the best outcome for our Village residents. So as the weather improves, please consider the space around your fire hydrants as you make your landscaping plans.

As always, feel free to call or stop by the fire station with any questions or concerns.

FitMees is providing speed and agility training specifically designed for baseball/softball players starting in April. This program will be led by Michael and Terry. As a former D1 baseball player and youth coach, Trainer Terry has unique insight into what it takes to bring your baseball player to the next level. Michael, FitMees Owner and Trainer, is a former high school pitcher and college quarterback who understands cross training and the importance of a well-rounded training program for athletes.

Players will begin the program by focusing on body control and progress into speed and agility-based workouts.

Dates and times will vary based on your schedule, please email michael@fitmees.com to set up a session. The cost is \$30 per person, per session or four sessions for \$100.

Team training is also available, please contact Michael for pricing and scheduling.

30-Day Fitness Challenge

The competition is ON! In April, FitMees is challenging you to plank one minute per day plus an extra-long plank every Sunday (how long can you hold it for?).

There will be a check in sheet at the fitness center desk to track how many days you complete the challenge ... and there are prizes. The most consistent person will win a yoga mat. Then, on April 30 at 10 a.m., we'll be putting you to the test. The person who can hold the longest plank will win a Fitbit Charge 4 AND a free fitness assessment.

Functioning Well as We Age: Small Group Training with Amy

Balance, strength and flexibility are key not only to good health and fitness, but to the completion of daily activities. According to the Centers for Disease Control and Prevention, "61% of adults 65 years of age are limited in their ability to perform basic actions like picking up something off the floor or reaching to grab something quickly."

Join Amy in a series of weekly small group trainings geared to discuss, learn and understand strength, flexibility and balance, and how these important components help you function well as you age. You will receive individual instruction on exercises designed to help you strengthen muscles, learn stretching exercises to garner more flexibility in your joints, and improve your balance by learning stability and coordination exercises.

This program will span for three months using the following schedule:

April - Strength training

May - Flexibility

June - Balance

When? Every Wednesday from 10-11 a.m.

Each session is \$15, or get four sessions for \$60. Interested in signing up for the full three month program? Get all twelve sessions for just \$150.
