

VILLAGE OF EVENDALE

APRIL 2024

Dear Neighbors and Friends,

On April 2, 2024, GE Aerospace will become an independent company. It will be headquartered in The Village of Evendale, for the first time in its 131-year history, becoming this region's third-largest publicly traded company. It will also be the newest Fortune 500 company with \$32 billion in 2023 revenue. The Village of Evendale is fortunate to have the GE Aerospace headquarters located in our village and be part of our business community. It should make you feel pretty good as an Evendale Resident.

Good news from the State of Ohio - unemployment in Ohio is down to 3.7%. That is virtually full employment for the State.

In February, the Ohio Supreme Court upheld a temporary state law (HB197) originally adopted in 2020, to assist cities with their ability to maintain services during the pandemic. The Court case challenged the constitutionality of HB197. The ruling last month confirmed the law was constitutional, and that we do not have to issue refunds requested for 2020 local taxes withheld from remote workers whose employer was located in Evendale. Some municipalities in Ohio had initially suspended decisions for issuing 2020 refunds, pending the outcome of the court cases. Other municipalities, including the Village, denied the refund requests when received, based upon the actions of the Governor and the legislation adopted by the General Assembly at that time.

The Fire Department has an ordinance that will bring us up to date with the state's fire code. A couple of new things will be needed. First, for registered rental property owners a lockbox with an entry key for the firefighters will be required. The estimated cost is about \$250.00. Also, new or remodeled buildings that are used commercially and are over 5,000 sq. feet will be required to contain a fire sprinkler system. The final reading and vote on the ordinance will be at the April Council meeting.

The Service Department did a great job on the sand volleyball courts. In addition to corralling the sand back into the courts, they have built a bit of seating around the edges. I always thought the courts did not look good with the sand spilling everywhere; this is a very nice improvement to our volleyball courts.

The cable TV companies continue to lose customers. Fewer customers means lower income that the Inter-Community Regulatory Commission (ICRC) receives. Spectrum was down 3% and AltaFiber was down 2%. Just one important service that ICRC provides is that they televise our Council meetings, as well as some special events in the Village. I am afraid that a continued reduction will put ICRC out of business.

April 20th is our annual shred and recycling day. We are open from 9:00 am until 12:00 Noon. It is a good chance to declutter your home.

Happy Spring!

FIRE DEPARTMENT

Key Lock Box Program

Evendale fire department is starting a key lock box program that is available for residents within the community. The benefits of this program are that it allows emergency responders to enter your home quicker to provide medical assistance, reduces property damage while trying to gain access to your residence for a medical emergency, as well as being more efficient and quicker with re-securing your home after an incident. These boxes utilize a master key that is specific to the Village of Evendale.

How do they work you ask? After purchasing your unit, these boxes can be placed over your door or secured to your house if you so choose. Once they have been secured to your house, a member of the fire department will come out and place a copy of your house key in the box and then re-secure the box. The fire department and police department are the only ones who have keys to access these boxes.

There are two options for these boxes. These companies are Knox Box and Roper Lock Box LLC. The cost for a Residential Knox Box is roughly \$210 per box. The Rope Lock Box is roughly \$40.50 per box. These boxes are purchased by the homeowner and shipped to your address. Once you receive them you can contact the fire department at 513-563-2248 for someone to come out and place a key in your box.

If you own rental properties please be on the look out for a letter from the fire department about key lock boxes at your rental properties.

Please reach out to Fire Marshal Robbie Potter if you have questions regarding these key boxes or if you would like information on one. He can be reached at 513-981-2399 or by email at fire.marshall@evendaleohio.org.

GORMAN HERITAGE FARM

April & May Preschool Story Hour Registration Now Open!

April 6, 13, 20, 27

May 4, 18, 25 & June 1

Preschool Story Hour provides fun and engaging farm experiences paired with the best in children's literature. Each class begins with an indoor story and activity, song,

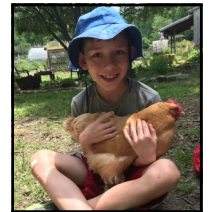

or craft and continues with a trip outside to the gardens or farmyard. Designed for emergent readers ages 3 - 5 years and one adult caregiver. The curriculum for this program is based on the following goals:

- Building tangible connections between pictures in books and caring for farm animals, growing food, and using farm tools.
- Developing early literacy skills including print motivation and awareness, vocabulary, narrative skills, and letter knowledge.
- Using hands-on activities for a child/caregiver team that encourage active participation.
- Building early STEM skills by encouraging observations, focusing on sensory experiences, and categorizing plants and animals based on shared characteristics.

Fostering a comfort in nature by creating positive experiences outdoors in colder weather and encouraging hands-on outdoor experiences.

Farm Field Trip Season!

If you visit on a weekday through mid-May you are likely to see groups of excited students moving about our site, learning about food, farms, natural systems, and the history of agriculture. We welcome over 4,000 children each year for hands-on, experiential Field Trips that support state learning standards for science and social studies. We have programs designed for ages preschool through high school, however the majority of students who attend are in the Kindergarten through fifth grade age range. Princeton City Schools sends every fourth grader from each of their eight elementary schools for the Local Ohio History Program! By partnering students from two different schools each day over the course of a week, fourth graders have a common experience to share that can unite them when they all come together for middle school. This is a perfect example of partnership and our mission in action. We love having the energy and enthusiasm of these young learners on the Farm!

All the fun and energy of a summer camp with powerful and transformative hands-on activities to engage your child's heart and mind. At Camp Give, participants will learn about the meaning of philanthropy and explore social causes with appropriate and eye-opening activities. During field trips to local nonprofits, they'll hear directly from our partners to learn how they're addressing needs and helping people, and then campers are empowered to jump in and complete a service activity! A portion of each participants' camp fee is pooled for a grant, and at the end of the camp week, campers work together to select a partner nonprofit to

receive their grant. Camp Give is a uniquely designed day camp. While the day is structured with fun group games and outdoor activities, most of our camp design is intentional for camper development.
