

VILLAGE OF EVENDALE

MARCH 2024

Dear Neighbors and Friends,

The Village is aware that the February newsletter was late. Frankly, it was not the fault of our printer. As I understand it, the addresses failed to show on the mailing once received by the Post Office. When the Post Office was unable to read the addresses on the newsletter, they threw them away! The process started again with the printer reprinting the newsletters. We apologize for the delay.

The village is entering into an economic development venture with Enable Injections Inc., who moved into Evendale in 2015. They developed and recently received FDA approval for a device that attaches to your body to dispense medications. It is the first ever wearable device to administer large volumes of medication subcutaneously without being attached to an IV or syringe pump. Enable Injections is asking for a subsidy to renovate and expand their building on Sharon Road, converting it to their administrative offices and headquarters. They will then move manufacturing to Springdale. Evendale has entered into an agreement to pay them \$400,000 in 2024 and another \$400,000 in 2025. Then in seven years, they will get another \$200,000 only if they have met certain work projections. Evendale expects to earn an additional 1.2 million in tax revenue. In return, Enable Injections has agreed to keep their headquarters in Evendale for at least ten years. Many economists predict that they will be a \$40 billion-dollar company. We believe that it is a long-term benefit to the Village, and we are excited about their future.

The Police Chief would like your input. We wish to present a strong impact statement to the court about the people affected by the Christmas Day shootings which ended with a crash into a utility pole causing a power outage of up to eleven hours in Evendale. For more details, please read the Police Department section on page 2 of this newsletter. Were you adversely affected by this? If so, please send an email to the Chief at THolloway@EvendaleOhio.org. The more the merrier.

Incidentally, the Flock cameras were instrumental in catching those criminals. The latest camera was recently installed on Gateclub Drive. These cameras have proven helpful in solving dozens of crimes.

Happy St. Patrick's Day!!!

Christmas Morning Shooting

As many of you are aware, a shooting incident took place on Sharondale Road in the early morning hours of Christmas Day. The good news is that no one was injured by the gunfire, and we have made several arrests in the incident. This incident also led to a telephone pole being struck and hundreds of residents of Evendale and Sharonville being without power on Christmas morning and into the early afternoon.

Eventually, those responsible will either plead to the charges or face trial. Victims of crime are entitled to make victim impact statements to the court and that is where we need your help. Everyone who lost power and had their Christmas disrupted were victims of this crime, in my eyes. I want to be able to deliver to the court a stack of victim impact statements from everyone impacted.

I would appreciate it if those of you affected by this act of violence would please send me your story. Please email these to me at tholloway@evendaleohio.org or you can drop them off or mail them to the police department. The court needs to hear how the suspects involved disrupted the lives of so many of you on Christmas, so that this can be taken in to account when it comes to the punishment and sentencing of those involved.

Thank you,
Chief Tim Holloway

All the fun and energy of a summer camp with powerful and transformative hands-on activities to engage your child's heart and mind. At Camp Give, participants will learn about the meaning of philanthropy and explore social causes with appropriate and eye-opening activities. During field trips to local nonprofits, they'll hear directly from our partners to learn how they're addressing needs and helping people, and then campers are empowered to jump in and complete a service activity! A portion of each participant's camp fee is pooled for a grant, and at the end of the camp week, campers work together to select a partner nonprofit to receive their grant. Camp Give is a uniquely designed day camp. While the day is structured with fun group games and outdoor activities, most of our camp design is intentional for camper development. Arts and crafts, on-site and off-site service projects, personal reflection, leadership development and community discovery is incorporated into our unique camp model.

This program is designed to provide an opportunity for players to test their skills against other players from around Cincinnati. Players must have intermediate skills and be able to sustain a baseline rally, serve consistently, and be able to score. Players may not be ranked tournament players. This league is for beginning tournament/recreational players. If your child does not meet the above standards, the pro may suggest lessons for a season before joining the team. Communication between instructors and parents/players will be stressed. Children who want to play in matches must make an effort to be at all practices. Parents should communicate any absences to the instructor. All kids who make this effort will be given match play opportunities.

Registration Deadline: May 1
\$40 Residents (Non-residents who live in a community that is not in the league...may sign up for \$50 starting May 2, if spaces allows.) Questions on this, call or email Kristen Maiden 513-563-2247 or kristen.maiden@evendaleohio.org
